

An amazing modern villa of about 700m<sup>2</sup> including terraces. Occupying 20,000m<sup>2</sup> of land on a unique position at the Sa Talaia, mountain, the property is located next to a protected forest area. Features pool, sauna, outdoor gym, parking space for up to 10 cars, 5 bedrooms and bathrooms in suite, automated home security system and an exceptional panoramic sea view from the rooms as well from the living room, the villa is one of a kind in the area of Sant Josep.

The villa is located on top of one of Ibiza's most exclusive areas and flows into the natural landscape. The design process was very specific, and the conception of volumes and the layout were adapted to the panoramic sea view.

With more than 700 square meters of contemporary features using nothing but the best in materials and carried out with craftsmanship, the result is a perfect villa placed on the hill, very unique and intimate, modern, elegant and serene.

The design reveals the attention to the smallest details, from the green architecture, landscaping to the interior design. Harmonious and making the most of its surrounding, the selection of materials refer to the unspoiled landscape. All the beds are equipped with luxurious 500-thread count 100% Egyptian cotton bed linen.

All in one level, it encapsulates a precise functional program: garden, outdoor gym, sauna, pool area, living and dining room, bathrooms, a modern kitchen, five in suite bedrooms and a minimalist sauna with forest views.

A comfortable and spacious open-plan living room and dining room leads to a main terrace, where the interior and exterior become one. The floor-to-ceiling glass doors allow the light to flow into the villa as well as maximize the panoramic sea view and the garden view.
