

Es Cubells - 4 bedrooms -4 bathrooms

A gateway to unrivalled relaxation. Sweeping sea views steal the show at this four-bedroom villa for rent in Es Cubells.

Nestled into the secluded hillside, this four-bedroom villa pairs panoramic vistas with considered design by Romano Arquitectos. Rolling hills to one side and glistening sea views to the other, peace and privacy come uninterrupted here.

Arranged around a sprawling decked terrace, living areas embody a relaxed refinement. Drawn together with smooth stone tiles and whitewashed walls, the open-plan living space combines contemporary style with Ibizan accents. Considerately zoned, drift effortlessly between the kitchen, dining area and lounge. Enclosed by sheaths of floor-to-ceiling glazing, there's a seamless connection with the terrace beyond.

Outdoors, sun-drenched days unfold against a backdrop of sweeping sea views. Recline across one of multiple sheltered chill-out spots, or dip into the glistening infinity pool – conveniently heated for visits through cooler climes. Elsewhere, a trampoline and children's playground ensure younger guests are catered to.

When dusk descends, choose between three bedroom suites designed for switching off. Neutral tones and organic textures place focus firmly on the scenic setting, framed through tall glass doors. Positioned discreetly on a lower floor, an independent guest house hosts an additional bedroom and bathroom.

The away-from-it-all atmosphere of surrounding Es Cubells makes it one of the most chilled out corners of the island, but for a dose of high-energy, the buzz of Ibiza Town is only a drive away.
